University of Missouri at Kansas City Students attend March Meeting

Many of you may have noticed a few younger folks attending the March meeting. They were a group of students from the University of Missouri at Kansas City. They were in town visiting the Engineer Research and Development Center (ERDC). What better thing to do in Vicksburg than come to the monthly SAME Meeting?? Thank you to many of you for conversing and providing insight into the life of engineering for these students.

Sustaining Firms

You are invited to submit articles on projects of interest that you have either completed or are working on for publication in this newsletter. This will help keep everyone informed about the types of projects going on in the Vicksburg Post. Also we are looking for Sustaining Firms to serve as A-E Hosts at upcoming meetings.

Please contact Jimmy Nelson (jnelson@allenhoshall.com or 601-977-8993) or
Don Ator (don.ator@atkinsglobal.com)

What better way to showcase your firm than to serve as A-E Host at an SAME meeting?

Corporate Membership

Sustaining members are asked to verify that they are making full use of their corporate membership. Each Sustaining Membership entitles your firm to designate five representatives. These representatives will receive the magazine, newsletter, and all other benefits that our individual members receive.

Young Members

We encourage young members and potential young members to attend meetings and join SAME. Please contact Jill Jackson, Vicksburg Post Junior Vice-President, about our programs geared toward young members. 601-634-3417 or Jill.M.Jackson@erdc.usace.army.mil.

Vicksburg Post Website is www.samevicksburg.org 2013 Meetings Summary
