SOCIETY OF AMERICAN MILITARY ENGINEERS

Date published: Sept. 14, 2021

WELCOME

Founded in 1920, SAME unites public and private sector individuals and organizations from across the architecture, engineering, construction, environmental and facility management, cyber security, project planning, contracting and acquisition, and related disciplines in support of national security. The Vicksburg Post offers a variety of benefits including monthly networking and professional development activities.

Every problem might not have a solution right now, but don't forget that every solution was once a problem.

Whether you're a high school student interested in engineering or an engineer with years of experience, the Vicksburg Post of SAME has something for you!

MEMBERSHIP

CORPORATE MEMBERSHIP

Sustaining members are asked to verify that they are making full use of their corporate membership. Each Sustaining Membership entitles your firm to designate five representatives. These representatives will receive the magazine, newsletter, and all other benefits that our individual members receive.

YOUTH MEMBERSHIP

We encourage young members and potential young members to attend meetings and join SAME. Please contact Jasmine Butler, Vicksburg Post Vice-President, about our programs geared toward young members. [Jasmine Butler \(Jasmine.N.Butler@usace.army.mil\)](mailto:Jasmine.N.Butler@usace.army.mil).

SUSTAINING FIRMS

You are invited to submit articles on projects of interest that you have either completed or are working on for publication in this newsletter. This will help keep everyone informed about the types of projects going on in the Vicksburg Post. Also, we are looking for Sustaining Firms to serve as A-E Hosts at upcoming meetings. Please contact [Scott Smith \(scott.smith@gaeaconsultants.com\)](mailto:scott.smith@gaeaconsultants.com).

MISSION

The Vicksburg Post prides itself on its service and fundraising. Each year, the Vicksburg Post hosts an E-Week celebration to pay tribute to our engineers, award winners of our student math competition, and fellowship with each other. What better way to serve the community than through a fun, friendly organization?
